

ORIENT LONGSPAN RACKING

Our General Purpose racking is the perfect solution for a range of storage requirements, from small components to heavy duty items. To get a quick quote today call us on **01753 693200**. It can be built in runs, with uninterrupted spans of up to 3000mm. Extremely quick and easy to setup, with 3 main components – assembled frames, clip in beams and “drop in” chipboard decks. Shelves can be positioned every 50mm and the floor can be used for additional space. No ground level beam required. Held in stock, for immediate delivery. Galvanised shelves available, for shelf widths up to 2400mm Long. Up to 600kg uniformly distributed load per level. FREE frame assembly on every order.
